

Testimony in SUPPORT of Bill 78

Aloha Councilmembers,

My name is Audrey Yara, and I am writing in SUPPORT of Bill 78, which would allow the City to develop a sponsorship program, that would allow people, community groups, or businesses to sponsor part of a city programs facility, park, or equipment, and in exchange for sponsorship, receive recognition for their support.

Bill 78 would help create alternate revenue streams that will increase the City's ability to deliver services and to maintain city assets, without raising resident's taxes or fees. This will encourage the community to take a more active approach to parts of our city they are passionate about. Recognition given to those sponsoring city facilities increases the likelihood of more groups participating and partnering with the City in order to better our public spaces. I believe this Bill is a way to enhance these relationships and is in the best interest of the City and community at large.

I support creating this program and ask that the Committee pass Bill 78.

Thank you,

Audrey Yara
